

Environmental Policy

Mole Valley Premier recognises that through our services and activities we have an impact on the environment. We therefore seek to minimise or prevent any harmful substances as a result from our activities wherever they may occur.

The policy applies to all operations carried out by Mole Valley Premier and affects interaction with key suppliers and customers.

We are committed to minimising the environmental impact of our operations. We will achieve this through our commitment to:

- Review the environmental impact of all our activities, endeavour to reduce our overall environmental impact and prevent pollution using best practice.
- Meet, and where appropriate, exceed all relevant legislative, industry and other relevant standards.
- Reduce our use of non-renewable energy resources and develop an energy efficiency programme.
- Improve general resources and reduce waste.
- Develop environmental awareness and practices amongst all employees and sub-contractors by the provision of formal and informal training.
- Sustain a programme incorporating suitable measurement and monitoring mechanisms.
- Engage in dialogue with key suppliers in order to encourage them in environmental best practice.
